

## For Sale – Monocular 35x 50 Spotting Scope - \$20

This is a hand held spotting scope that will help you determine your fall of shot and adjust you aim for your next shot.

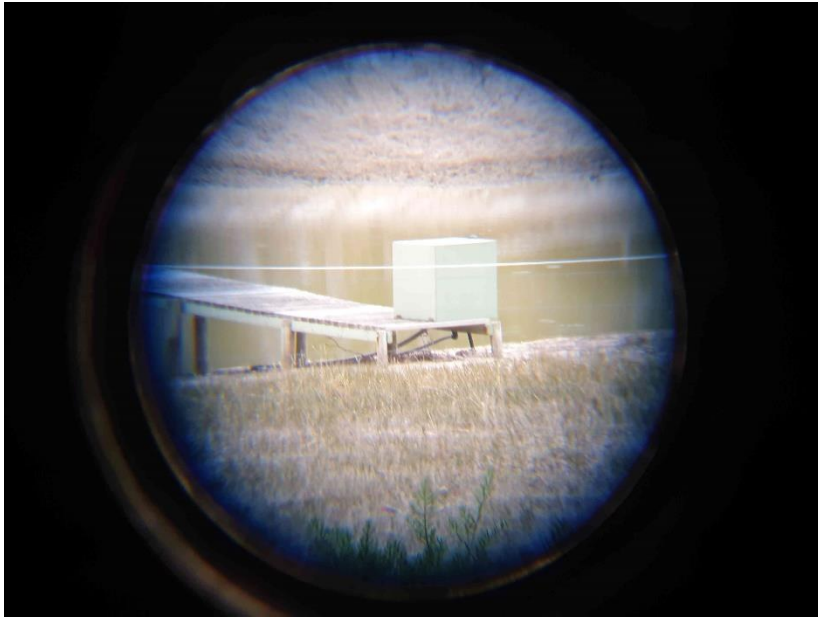

The scope had an attached, flip open front cover and can be easily be held in one hand. The focus can be quickly adjusted with your index finger and the knurled knob.

It will help you change this:

To this:

(The actual image is clearer but this is the best I could get with a camera phone held behind the scope!)
