Club Target Championship

- All **Under 14** and **Under 16**, regardless of gender shoot a Newcastle. Awards to be made based on “off-the-bow” score. There will be a “Tyro” award for Cubs and Intermediates who have been shooting for less than 12 months and another for those who have been shooting longer.
- All other shooters regardless of age, gender or bow type shoot in the same competition. To even out the differences in bow types competitors would shoot the following:
 - Compound and Recurve – WA60/900 (Canberra)
 - Barebow Recurve – Short Canberra
 - Longbow – Junior Canberra

Awards will be made on the basis of handicap and off-the-bow scores. To be eligible for the handicap award the archer must have a valid handicap recorded in Archers Diary.

Dartchery Field

Dart target faces will be placed on butts 1-20. The aim is to hit the ‘1’ on butt number 1, 2 on butt 2, and so on. Each archer will shoot 3 arrows and will score the target number if they shoot an arrow into the target wedge then for each additional arrow they shoot into the target wedge they score one point. For example on target 5 you get 5 points for one arrow in the 5 wedge, 5+1 if you get 2 arrows in the 5 wedge and 5+1+1 if you get 3 arrows in the 5 wedge. Any arrows landing outside the 5 wedge do not score. If an arrow breaks the line it is considered to be in the wedge. The maximum possible score is $(1+1+1) + (2+1+1) + (3+1+1) \dots = 250$. The usual rules for bow type and firing marker apply.

Novelty Rounds

Double Up

The target scoring rings have their usual values except that there is no 10 or X ring score, instead these areas are only worth 0. As a bonus if an arrow lands on the line between two rings the archer scores the value for both rings! So if your arrow lands on the line between the 5 and 6 ring you score 11 not just 6.

Compound and sighted recurve shoot 120cm target at 50m, barebow, longbow and all classes below Under 18 at 30m.

Lowest Score Wins

The name says it all. All the scoring rings stay the same but if you miss the scoring area you get 11!

Compound and sighted recurve shoot 80cm target at 40m, barebow, longbow and all classes below Under 18 at 20m on an 80cm target.

Old Hag

This is the wimp’s version of Iron Maiden. Instead of concentric metal rings it uses a 6-ring 80cm face at 50m (for all bow types). Each archer shoots one arrow and if they hit the 6 ring or lower they go on to the next round. The next round archers have to score within the 5 ring and so on. If the X ring is reached and there is still more than one archer then the target is moved out in 5m increments till there is only one archer left.
